

designation	HEADBOX RECEIVER RTS (RTS PLATEN CABLE 3M)
reference	1810314
range	

DESCRIPTION

The **PLATINE RTS SOMFY** is a radio receiver for LT motors that can be installed inside the pelmet of the roller shutter.

The **PLATINE RTS SOMFY** is compatible with the following RTS controls and sensor (up to 12 controls and 3 sensors can be memorized) :

CENTRALIS RTS	TELIS 1 RTS
INIS RT	TELIS 4 RTS
CHRONIS RTS	TELIS soliris RTS
SOLIRIS sensor RTS (SUN ONLY)	TELIS soliris lighting RTS

With the **PLATINE RTS SOMFY** and a RTS control, it is possible to set one or two intermediate positions (IP) : one accessible from the top of the roller shutter and one from the bottom.

The **PLATINE RTS SOMFY** is compatible with the Easy Manufacturing Setting (EMS)

TECHNICAL SPECIFICATIONS

Box	Material Color Size weight	PVC with resin black 120 x 45 x 24 mm 0,285 Kg
Power supply		230Vac 50Hz 3A
Output load		max. 3A 250VAC cosφ0,9
Protection index		IP44
Temperature range	Working Storage	-30°C to +80°C -30°C to +70°C
Cables	power supply motor	VVF 3m 3 wires VVF 0,20m LT plug
Frequency Antenna	diameter length	433,42Mhz 3mm 180mm
