1810647 DMKI-FPTER1

|             |                            |
|-------------|----------------------------|
| designation | Telis Soliris RTS US Patio |
| reference   | 1810647                    |
| range       | RTS New Collection         |

## FUNCTIONS

One channel hand held transmitter compatible with the RTS receivers but dedicated to the SOLIRIS receiver RTS and the radio built in motors which have wind & sun feature.

## TECHNICAL SPECIFICATIONS

|   |   |  |
|---|---|--|
| Box   | Material                                      | ABS and SEBS<br>Shock resistant        |
|   | Color   | Blue & White                           |
|   | Size  | 145 x 49 x 22 mm                       |
|   | Protection factor against solid & splashproof | IP 44                                  |
| Battery   | Voltage                                       | 3V                                     |
|   | Type  | 2430 Lithium                           |
| Battery life time<br>( at ambient temperature ) |   | 3 years<br>( 4 actions of 1" per day ) |
| Frequency                                       |   | 433.42 Mhz +/- 100 kHz                 |
| Radiated power                                  |   | -13 dBm or 0.05 mW                     |
| Modulation type                                 |   | ASK type A1                            |
| Protocole                                       |   | RTS                                    |
| Standard  |   | FCC ID: DWN                            |
| Temperature range                               | Storage                                       | - 20°C / + 70°C                        |
|   | Working                                       | 0°C / + 60°C                           |
| Antenna   |   | Integrated                             |
| Range ( minimum guaranteed )                    |   | 50 m in free field                     |
| Weight  |   | approx. 70g                            |
