

COLOR+ RANGE

RADIO TRANSMITTERS

SIMU'S NEW SIGNATURE OF CONTROLS

- **A simple design:** clean, straight lines and a flat surface give these transmitters a timeless and universal appeal.
- **The favourite position button** has been moved in order to emphasise it and make this comfort function more evident. Simply pressing down the favourite position button allows the user to find their favorite brightness level.
- **A choice of 6 colours, with a matt finish:** a range of subtle and contemporary colours, with a matt finish that highlights the purity of the colour and adapts to all styles.
- **A complete range:** available in a wall version (COLOR+), remote control with 1 channel (COLOR+1) or 5 channels (COLOR+5), these transmitters can control all SIMU-Hz motors and carry out all types of command: individual, in zones or centralised.

COLOR+ WALL TRANSMITTERS

White

Metallic grey

Anthracite

Mocha

Blackcurrant

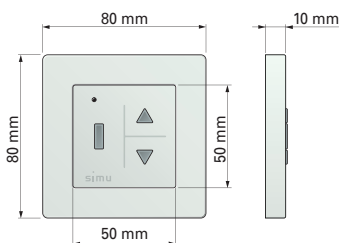

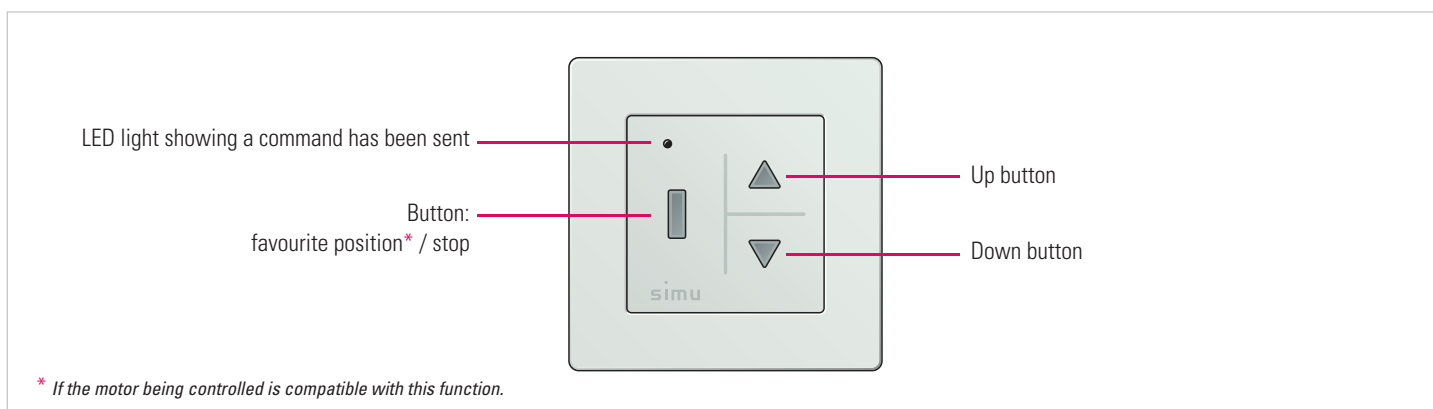

Blue

COLOUR COMBINATIONS:

Face plate and frame colours can be combined by ordering the frames separately in order to create transmitters that are personalised according to the users' wishes.

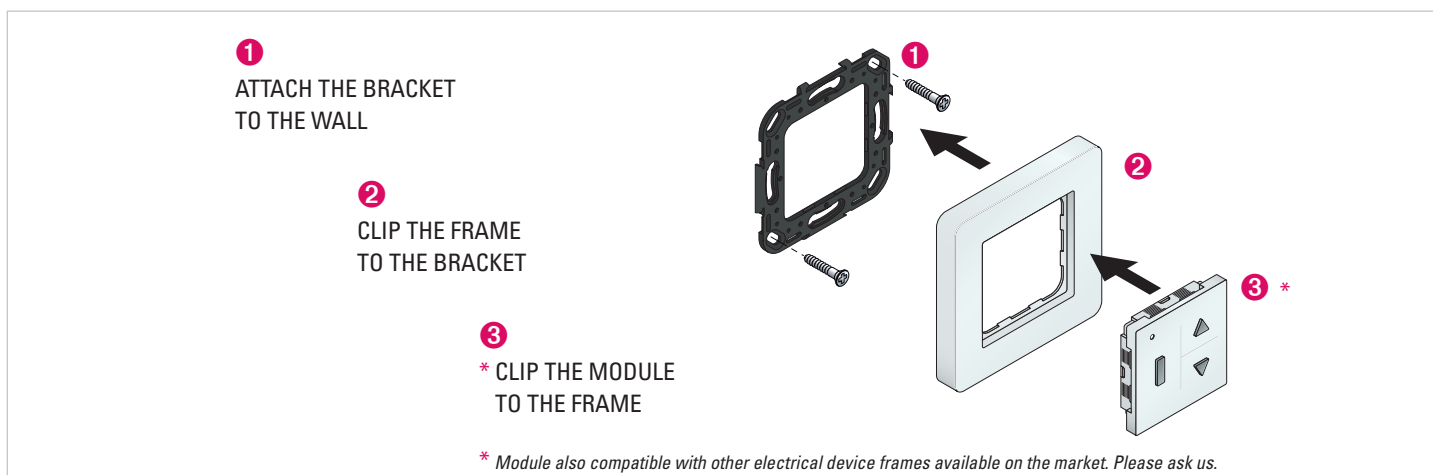

SPECIFICATIONS

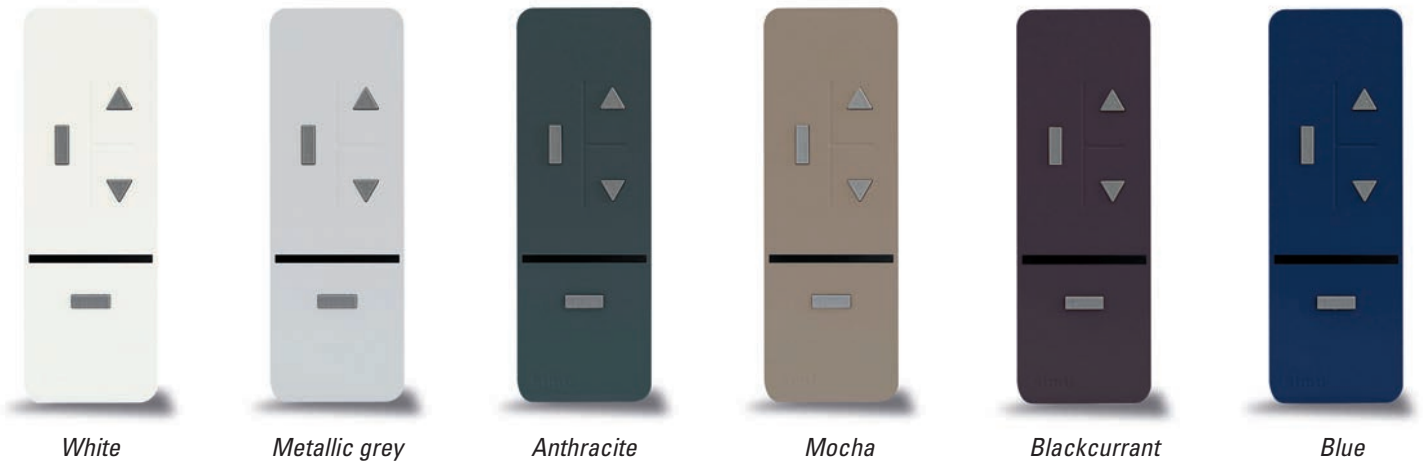

PRODUCT CLASS	class III
POWER SUPPLY	3V - type CR2430 battery
AMBIENT TEMPERATURE OF USE	from +0°C to +60°C
PROTECTION INDEX	IP 30
RANGE	~ 200 m in free field ~ 20 m through 2 reinforced concrete walls (depends on the environment and radio pollution)
RADIO FREQUENCY	433,42 MHz
COMPATIBILITY	Hz Motors and external receivers

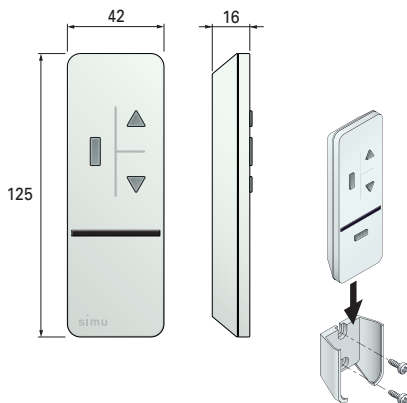

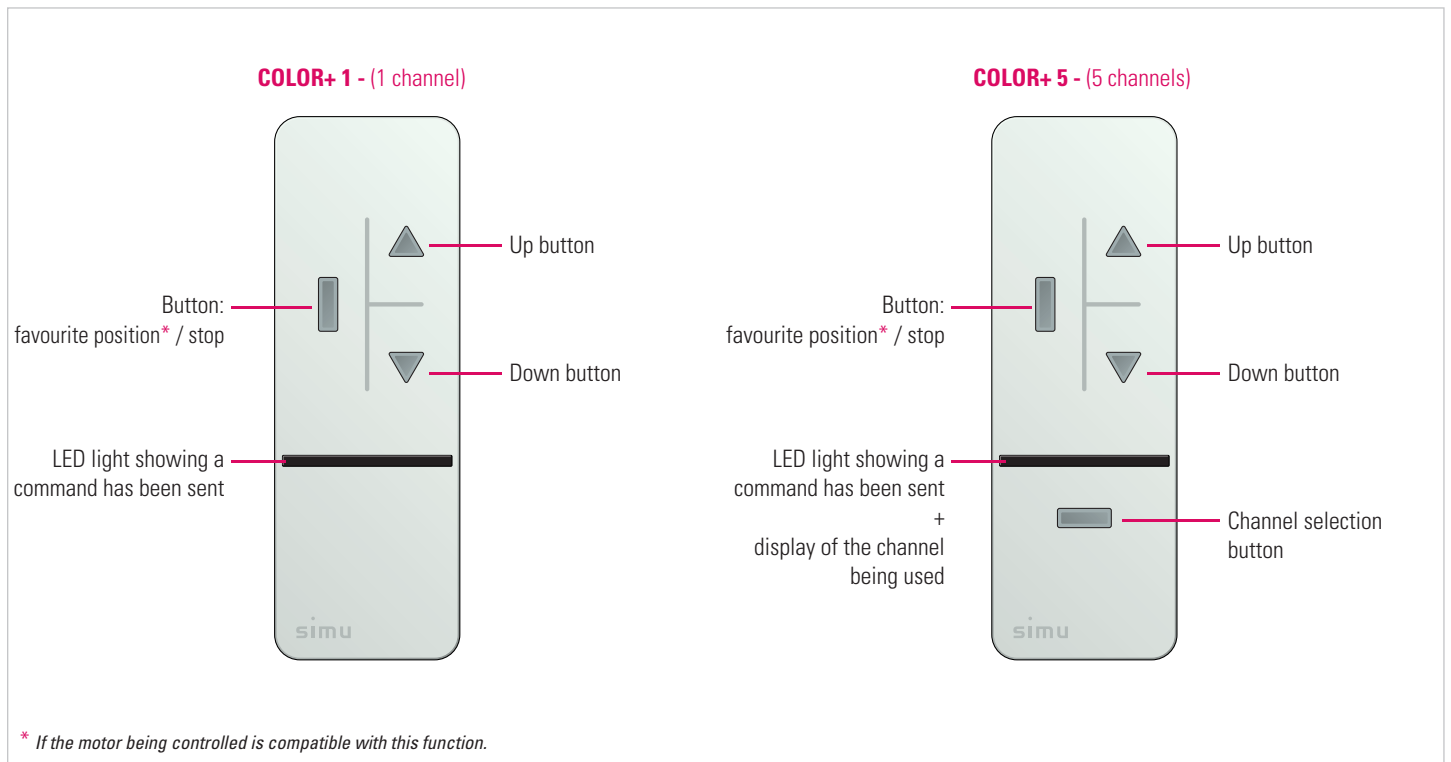

ASSEMBLY

COLOR+ 1 & COLOR+ 5 REMOTE CONTROLS
